Note for Roll 45

The letters filmed on Rolls 18-50 are registered in the two volumes designated as Entry 300 and reproduced on Roll 15. Each file is in a special envelope which has the same identifying information as the register entry. The letters within each file are arranged chronologically, and enclosures are filmed in the order in which they are listed in the accompanying letter. Other documents with the same file number are filmed at the end of the file.

Col. W. R. Bradford
Commanding Coast Line,
in relation to the seizure of
the Steam-boat Cora, and destruction
of the Cotton on board &c., the
property of R. King & Co.

See 3447

I hereby certify that on the twenty ninth day of November, Eighteen Hundred and Sixty-three, I stopped the Steamer "Cora" belonging to Messrs R. King & Co., loaded with Cotton in transit from Matamoros to Corpus Christi, Atlix Salvia, and it being an imperative Military Necessity, took possession of her, and had the following described Cotton, the property of the said Messrs R. King & Co., put on shore at Salvia. It being impossible to have the Cotton removed to a place of safety before the evacuation of Fort Casavanza, it was burnt at that time by my order, to prevent its falling into the hands of the enemy.

The Cotton thus destroyed, and belonging to R. King & Co., as aforesaid, numbered One Hundred and five bales, viz:

the above order, but found that it was impossible for them to arrive at a proper estimate of the damaged condition of the arms on their arrival at Anderson, owing to their having been repaired at the Ordnance Department work shops and distributed beyond the possibility of collecting them. The Board therefore decided that the only means of arriving at the damage would be to call upon Capt. Roy Ordnance Officer and in charge of the shops, for his estimate of the cost of repairs, which was accordingly done. The following is his estimate, in specie valuation:

For labor and material expended in cleaning and repairing, replacing small parts of locks etc. \$ 2000.00

For 131 Enfield Rifles, entirely worthless. Cost price.

This estimate the Board consider a fair and equitable valuation of the damage sustained, based upon the inspection of a few guns which had been repaired and which Capt. Roy was a sample of the whole.

Sir
Above you have an estimate
of Cotton Baled & in the seed in my dis-
trict. The probability is that my estimate
is a little below the exact amt - I have
estimated the picked Cotton at 450 b to the
Bale -

Very Respectfully

Revealing a horrible
Conspiracy

H. J. Northern Sub Genl
Bunker Lewis Oct 26 '64
Respectfully first -

The writer is un-
known, think it
a man - a portion
of his fears are be-
ing realized, but we
never ascertained
who several of the
leaders are and how
connected them, which

has caused a stampede among the
others, they have run out and are
fleeing. He is never mistaken
about May Quails who was the first
to act in organizing the leaders, they
(the distogists) propose to May Quail
to act with them as I he wishes
them united he was ready to go a
work and then act promptly for
his country. Our success in La
and probable success in all may
prevent any more from Ft Smith
but we should be prepared for as
sure as there is any movement
from that point there will be a
heavy raid upon the north
western portion of this, led off by
the distogists and by fed
and renegade robbers & thieves
from every quarter. I do not
look for them from El Paso, but
the frontier Regt. may be ordered
to keep a sharp watch for and
on the overland road.

Western Union Telegrams May 15 64

Parker County Texas Aug 15, 64
Brig. Gen. H E McCullough
Commandant North West Sub
Military District Indian Territory

Dear Sir:

In times like the present it
not infrequently happens that women become the deposi-
taries of important military and State secrets such is
the case in my instance, by means which I do not
reveal, I am in possession of information of startling
interest and importance, to which the fate of North
Western Texas and perhaps of the whole State of Texas
is out of the whole entire Conspiracy depends I
pray you in the name of patriotism and in the
name of the great God, and of humanity, do not
look on my communication as a light trivial or
unimportant matter, It is of fearful bloody stupendous
moment, God grant that it may so impress you, and
that prompt, speedy and energetic measures may be
adopted, to stay the threatened tide of wreck, ravage
and ruin, that now hangs over and if not checked
will inevitably in 5 or 6 weeks at furthest, sweep like
a hurricane of destruction over this whole upper
country of Texas. . . . There is a vast conspiracy in
all this upper country in which the most active and
influential citizens are concerned to aid and complete
the conquest the annihilation of the Malitia and
frontier Solcency more than one half are among the
conspirators, there is constant and regular communica-
tion by carriers with the enemy of Blounts Command in
the Federal Army, the tenth (10th) of May is the period
fixed for the entrance of a large Federal force by way
of Belknap concurrent with similar movements

by way of El Paso on the San Antonio region and from
Arkansas and from La. Full three fifths of the male Citizens
of all these upper counties, are engaged in this treason, The
Chief Local Commander of the State forces is of the treasonable
party. The most arduous plans are adopted to quiet appre-
hension where the raid begins. Federal troops are to surrender
themselves to Maj. L. until the time agreed for his surrender
with all his force to the foe. It is arranged so as to appear
to be an involuntary surrender of our forces. Altogether
it is the clearest, most infamous, and base treason the
world ever saw. The correspondence of the enemy with
the conspirators is now in the town of Weatherford in the
hands of Carter the Miller, one of the Chief Conspirators. I
give you below the names of some of the principal
members of this Jacobin Club of traitors - Judge
Storck, Capt. Luckey, Drs. Geo & Stephen Cingers, Rev.
Mr. Zinn, the above named Carter, Dr. Blackwell,
The Sheriff, and others. These should be arrested at
once, their papers examined especially Carter, and
they should be removed rapidly, giving no time for
communication with their accomplices, to Austin, or
to Genl Magruiders Hqrs, and then not less than
2500 yow and two soldiers should be placed on
this line of defence. By all means have Maj. Guais
arrested and superseded by a in command by a true
Southern man. I write under strongly excited feelings
not as clearly as I could wish, but what I write is as true
as heaven, and as certain as eternity. Need it well
You save the Confederacy

Note - * Sales made by these Parties before 28th May/64 to "the last office"
 The date of Recd. of J. & S. Gibbs (26 Apr) Mrs. L. D. Breath (8 Apr) & L. P. Patterson
 (9 Apr) are given above, is the date of the Recd. given them for the cotton.
 The cotton was shipped before the Recd. was made out.

J. H. Hillier's cotton is not all packed. I have shipped 21 bales. Sales & Recd. are
 ready for shipment. Have not given Recd. for this cotton yet, though part of it
 has been forwarded.

Note - * The cotton marked B. is cotton belonging to Mrs. H. D. Breath which was originally 14 bales. Some
 being at the time of the sale in an exposed condition. It was packed by J. P. Patterson (Navasota)
 (B. H. Robinson) two bales being actually destroyed, all have been shipped by me, each one bales.

* The Recd given for W. A. Rawlings' (40 Bales) specified 16 Bales as marked P.S.L. & 2 Bales marked A.S. this is a mistake - there are 18 Bales marked P.S.L. There is also a discrepancy between the weights of the 16 Bales as received (P.S.L.) & as shipped for by one, & the number of Bales (same mark), delivered to Mr. Vedder. This occurred in the shipment of the cotton, there having been other cotton, same mark & on a/c of said Rawlings, shipped at same time, D. R. Shipped the cotton himself, and promises to make good the difference in wt which is 917 on the other (33 Bale) lot. - F. B. Bailey a/c

~~1808~~  
The first of the year  
was a very cold one  
and the snow lay  
on the ground for  
several days. The  
frost was very  
severe and the  
wind was very  
strong. The  
temperature was  
very low and  
the people were  
very much  
affected by the  
cold.

The second of the year  
was a very warm one  
and the snow melted  
very soon. The  
frost was very  
light and the  
wind was very  
gentle. The  
temperature was  
very high and  
the people were  
very much  
affected by the  
heat.
